Extraordinary Opportunity
- short study program in China -

This is a rare opportunity to spend a month in China living, learning, and seeing this amazing and often regarded mysterious country.

Official credit transcript/certificate provided - one of China's leading engineering universities BJTU (est. 1896). Live on the University campus, but apart from the study there will be plenty of opportunity to discover the ancient and majestic city of Beijing, explore the Forbidden City, and even climb the Great Wall of China!

*This is a not to be missed opportunity, but places are limited, so register your interest quickly and secure a position in the program.*

Program information:
